Records galore were broken at the Withens Skyline run with a record entry, and record times in every section of the race.

In the shock of the day Graham Patten eclipsed local runner and record holder, Jim Holmes on the final run-in to set a new record time of 46:09 (48:43).

the run to the tape finished in 39:52, his old record stood at 42mins 52 secs.

Former British fell running champion Sarah Rowell cut over two minutes off her own women's record time setting a new time of 46:09 (48:43).

● Graham Patten is poised to snatch the Withens record from Iain Holmes (front).
